OUR TALENTS OF THE FUTURE – ON TOUR!

We warmly invite you to join our cross-border bike tour from Münster to Enschede on 11 and/or 12 September 2025 – all about Our Talents of the Future.

Our goal: attract and retain skilled professionals in the Netherlands and Germany, and address together the challenges of finding, integrating, and keeping talents. We'll visit forward-thinking companies that are already successful in this field – learning from their experience and exploring what's needed from education providers or public authorities to make it happen.

The route includes four inspiring company-stops: JÜKE (Altenberge, tbc), Möller Chemie (Steinfurt), 2G Energy (Heek) and Demcon (Enschede) – plus plenty of time for discussion, networking, and enjoying a late summer ride.

- Participation is possible for both days, just one day, or the evening programme
- Bicycles are provided, accommodation & dinner are covered
- Registration (by 19 August 2025 for guaranteed hotel; later sign-up possible without hotel guarantee)

Let's keep transforming borders into connections – see you in the saddle!
